Agenda

10:00 | **Welcome and introduction of the speakers**

10:40 | **Environmentally Sensitive Traffic Management & Road Safety with AIAMO – Focus on Pilot Regions**

The stricter EU emissions limits for 2030 are forcing cities and local authorities to take concrete action – and making data-driven solutions more important than ever. Find out, through the AIAMO pilot regions, how AIAMO supports local authorities in making urban mobility more efficient, sustainable and tailored to people's needs.

Find out how AIAMO is helping the city of Leipzig to systematically identify current challenges relating to air and noise pollution and to tackle them effectively in the context of the EU's 2030 limits.

You can also learn how AIAMO is supporting Landau in der Pfalz in making road traffic safer through AI-powered solutions.

11:00 | **From practice, for practice – a dialogue with the pilot regions of Leipzig and Landau**

How does the practical implementation of data-driven traffic management work in a local authority context? Find out first-hand what experiences the pilot regions of Leipzig and Landau in the Palatinate have gained so far as part of the AIAMO project.

Find out how AIAMO is helping the city of Leipzig to systematically monitor current air pollution challenges and tackle them effectively in the context of the EU's 2030 limits. You can also learn how Landau in der Pfalz aims to specifically improve road safety with the help of artificial intelligence.

In conversation with Mirko Mühlport, Team Leader of Digital City Leipzig, Paul Loos, Deputy Head of the Mobility and Transport Infrastructure Department in Landau in der Pfalz, and Bastian Keßler, Case Officer at the Landau in der Pfalz Urban Planning Office, you will gain authentic insights into the challenges, proposed solutions and lessons learnt – and the opportunity to engage directly in professional dialogue.

11:30 | **Q&A session & closing remarks Your questions – our discussion**

During the concluding Q&A session, you will have the opportunity to clarify any outstanding issues directly with the speakers and to engage in more in-depth professional discussion. We look forward to your questions and insights from your practical experience.

In addition, we offer you the opportunity to expand your network in a targeted manner: on request, the project management team can arrange individual contacts between participants – to facilitate easy communication even after the event has ended.
